CONTINUED RECORD NUMBERS IN 2009**

DALLAS- April 27, 2009- CareerLink, Inc. posted its highest first quarter sales numbers since it was founded in February 2000. Earnings figures are also the highest ever making first quarter 2009 CareerLink's best. Sales in the first three months of 2009 were \$4.3 million, compared to sales of \$2.3 million in 1Q 2006, formerly CareerLink's top quarter. CareerLink's previously highest posted revenue was \$8.4 million in 2006, but is currently on target to break the \$15 million sales mark this year.

CareerLink's leadership attributes its solid numbers to the record low interest rates. These low interest rates are driving a mortgage refinancing boom at many of CareerLink's banking clients. This boom is requiring the need for high numbers of temporary and direct-hire staff in order to meet demand in mortgage applications. Additionally, these clients see the surge continuing into the summer of 2010. CareerLink is also benefiting from continued hiring in the Healthcare sector, a sector that has not seen much negative impact in the down economy.
